

EXTERIOR & INTERIOR COLOURS

There is a corresponding selection of colours available for different frame and door leaf materials.

Please note that not every colour is possible for every door, frame or door leaf.

Colour and structure deviations between illustrations and original products can occur due to printing and manufacturing technologies. Your Internorm [1st] window partner will gladly advise you and show you original colour samples.

* Highly weather-resistant, except M916 (facade quality).

** Intensive colour appearance, however colour tolerances are possible.

*** HDH colours have a vibrant timber appearance being hand-finished with structure coating, however colour tolerances are possible.

**** A special highly weather-resistant powder coating is used for surface versions **HM** (highly weather-resistant standard colour), **HF** (highly weather-resistant fine structure), **HFM** (highly weather-resistant fine structure metallic), and **HDH** (highly weather-resistant timber decor colour).
